Portfolio: wilsongracia.porfolio/

PROFESSIONAL PROFILE:

Information Systems Engineer with experience in backend, frontend, and Android mobile development for management systems and enterprise modules. Proficient in NestJS, TypeScript, PostgreSQL, and TypeORM, applying modular architecture, transactions, migrations, and DevOps best practices. I have also worked with HTML, CSS, Java, JavaScript, and native Android development using Kotlin and Jetpack Compose in Android Studio. I bring experience in operational and financial processes, data optimization, and the creation of secure endpoints oriented toward efficiency and traceability.

I hold ISO/IEC 27001:2022 certifications at Foundation, Internal Auditor, and Lead Auditor levels, and I am actively oriented toward developing my career in information security and auditing, applying a professional approach grounded in responsibility, analysis, and the development of scalable, business-aligned solutions.

PROFESSIONAL EXPERIENCE:

AnalyticaHub
Aug 2025 – Nov 2025
• Development of a financial module and administrative workflows.
• Backend implementation using NestJS, TypeScript, PostgreSQL, and TypeORM.
• Design of secure endpoints, validations, database migrations, and transactional logic.
• Process automation and optimization of financial data traceability.

Centro Educativo San Isidro Labrador
Feb 2024 – Jul 2025
• Backend development for administrative and operational modules of an institutional management system.
• Database modeling, optimized queries, and relational data structures.
• Frontend development and web functionality integration using HTML, CSS, Java, and JavaScript.
• Participation in the full development lifecycle: analysis, development, testing, and final delivery.

EDUCATION

2024 – 2025

Universidad Nacional de Costa Rica
Bachelor’s Degree in Information Systems Engineering

2022 – 2024

Universidad Nacional de Costa Rica
Diploma in Computer Application Programming

2021

CINDEA La Paz
Upper Secondary Education Diploma

CERTIFICATIONS

ISO/IEC 27001:2022 FOUNDATION — I27001F (2025)
ISO/IEC 27001:2022 INTERNAL AUDITOR – I27001IA (2026)
ISO/IEC 27001:2022 LEAD AUDITOR – I27001LA (2026)

TECHNICAL SKILLS

NestJS, TypeScript, JavaScript, Java, C++, PostgresSQL, MySQL, SQL, PL/SQL TypeORM, Git, GitHub, HTML, CSS, React.

LANGUAGES: Spanish (native), English (B2)
